## **ANNUAL MANAGEMENT REPORT BY THE BOARD OF DIRECTORS**

The Board of Directors presents the annual report and audited financial statements of the Company for the year ended 31 December 2021.

### **Basis of preparation of the annual Financial Statements of the Company**

The balance sheet and the income statement as well as the annual report of our Company for 2021 have been drawn up and submitted in line with the principles determined by the Russian Accounting Standards.

Pursuant to the regulations, our annual report shall present the work and transaction flows of our Company pertaining to the respective financial year as well as the financial status thereof in all aspects by protecting the rights and the interests of our Company; enable our shareholders to have access on any information regarding the financial status of our Company completely and properly; evaluate the general properties of our Company's financial performance and financial status as well as the basic risks encountered by it and propound, through accounting and financial reporting data, that the activities and the services of our Company are performed in most efficient, reliable and uninterrupted manner.

### **Principal activities and nature of operations of the Company**

The principal activities of the Company, which are unchanged from last year, are the production and trade of color and additive masterbatches for the plastic industry.

### **Continuity of activity**

These financial statements have been prepared based on the business continuity principle, which assumes that the Company will normally continue its activity in the foreseeable future without entering into a state of liquidation or significant reduction of the activity.

To assess the applicability of this presumption, management analyzes forecasts of future cash inflows. Based on these analyzes, the management believes that the Company will be able to continue its activity in the foreseeable future and therefore, the application of the principle of continuity of activity in the preparation of the financial statements is justified.

### **Review of current position, future developments and performance of the Company's business**

The Company's development to date, financial results and position as presented in the financial statements are quite satisfactory, continuing the positive trend.

In 2021, the revenue increased by 29.8 % compared to 2020 from 1532 million RUB to 1988 million RUB, due to increase of sales volume and sales price/kg.

The Net profit increased in 2021 by 40%, to 268 million RUB from 192 million RUB in 2020 mainly because of the substantial sales turnover increase and the received currency gains.

That was the best year of the Company in terms of turnover and profitability so far. The Company increased its market share in pursuing its target to become the second biggest manufacturer of masterbatches in Russia. Currently we are the number 3 in Russia.

### **Principal risks and uncertainties**

The principal risks and uncertainties faced by the Company are disclosed here below:

#### *Foreign exchange currency risk*

The Company is exposed to the fluctuations of the local currency exchange rate.

#### *Credit risk*

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities - primarily trade receivables and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Credit risk related to trade receivables: This is managed based on established policies, procedures and controls relating to customer credit risk management.

Credit limits are established for selected customers based on internal ratings. Credit quality of the customer and outstanding customer receivables are assessed and regularly monitored. The Company does not hold collateral as security.

#### *Liquidity risk*

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability but can also increase the risk of losses. The Company has procedures with the object of minimizing such losses such as maintaining sufficient cash and other highly liquid current assets and by having available an adequate amount of committed credit facilities.

#### **Dividends**

The dividend distribution policy of the Company is defined in the articles of association. The dates as well as the manner and method of dividend payments to the shareholders are resolved by the general meeting. The general meeting may delegate the authority to determine the date, percentage, and method of dividend distribution to the board of directors.

#### **Organization and development of internal control within the Company**

The purpose of internal control is to ensure the coherence of objectives, to identify the key success factors and to communicate to the Company's management, in real time, the information regarding the performances and perspectives.

The control activities are an integral part of the management process through which the Company aims to achieve the proposed objectives.

The control aims at applying the norms and procedures of internal control, at all hierarchical and functional levels: the decisional authority regarding the definition on hierarchical levels of the approvals, the evaluation of the operational performances, the security of the assets, the separation of the functions.

## Board of Directors

The members of the Company's Board of Directors as at 31 December 2021 and at the date of this report are the same.

There were no significant changes in the assignment of responsibilities and remuneration of the Board of Directors.

## Events after the balance sheet

We cannot rule out that the aggravation of the political situation due to recognition of the Lugansk and Donetsk People's Republics and the introduction of additional sanctions against the Russian Federation may have an impact on the financial and economic activities of the Company. The scale of such impact will depend on the real consequences and events, which may occur in the future.

Therefore, according to the current circumstances, the effects of the events in Ukraine will have an impact on the smooth continuation of business activities and the financial results of the Company. The Management monitors with special attention the developments. Also, none of the noticeable effects is considered as a later corrective event of the financial statements of 31.12.2021.
